

## **IMPACT OF NEW STATE SCHOOL LEVY ON YOUR TAX BILL**

In 2017 the Legislature passed Engrossed House Bill 2242 to provide additional state funding to local schools. Passage of this legislation affects your property tax bills for 2018 and beyond.

For 2018, the state school levy has increased significantly to fund the state school portion of the property tax. For 2019, limitations on local school levies take effect that could result in reduced property tax obligations.

Further information on the property tax impacts of school funding may be found online from the [Department of Revenue](#) or the [Office of the Superintendent of Public Instruction](#).
