"Comments on County Comprehensive Plan, Interim Zoning, and Determination of Non Significance"

The implementation of this Comprehensive Plan will have a probable and significant adverse impact upon the environment.

The past, present and future role of individual citizens & communities in shaping the Comprehensive Plan should be recognized & respected by County officials.

Contradictory elements of the Comprehensive Plan, Zoning Ordinance and supporting documents need reconciliation, and definitions provided, before adoption of these plans.

PLANNING & DEVELOPMENT

If the commissioners continue to ignore the need to coordinate land use planning w/ water resource planning in this Comprehensive Plan, the results could be disastrous for many landowners!.
