NO ALLOWANCE shall be made for any vehicle having more than six (6) wheels, and a total gross load of 18,000 pounds is the maximum allowable except for school buses, emergency vehicles, transports of perishable commodities, and those vehicles necessary for public health and safety, as provided by law, RCW 36.75.270 and RCW 46.44.080.

BE IT FURTHER RESOLVED, that all motor vehicles which are permitted to use the roads of said County under the regulations of this order be limited to a maximum speed of twenty-five (25) miles per hour for truck type vehicles and thirty-five (35) mile per hour for passenger type vehicles.

BE IT FURTHER RESOLVED, as follows:

1. Violations of this order shall constitute a misdemeanor and shall subject the violator to such penalties as imposed by law.

3. The County Engineer may grant a written waiver of the load and speed restrictions imposed by this Resolution only under the following circumstances:

4. The waiver may be granted on a per trip basis only, and it may be limited as the County Engineer sees fit;

6. All requests to the County Engineer for a waiver must be made reasonably in advance of the trip by the owner or operator of the motor vehicle;
7. A Temporary Road Restriction Waiver, issued by a County Road Supervisor or County Public Works Office Personnel, must be located in the vehicle for which it was issued during its operation on roads restricted by this Resolution.
8. The Okanogan County Board of Commissioners reserves the right to lower said restrictions to meet the conditions of certain County Roads.

Local regulations — State highway regulations.

Local authorities with respect to public highways under their jurisdiction may prohibit the operation thereon of motor trucks or other vehicles or may impose limits as to the weight thereof, or any other restrictions as may be deemed necessary, whenever any such public highway by reason of rain, snow, climatic or other conditions, will be seriously damaged or destroyed unless the operation of vehicles thereon be prohibited or restricted or the permissible weights thereof reduced: PROVIDED, That whenever a highway has been closed generally to vehicles or specified classes of vehicles, local authorities shall by general rule or by special permit authorize the operation thereon of school buses, emergency vehicles, and motor trucks transporting perishable commodities or commodities necessary for the health and welfare of local residents under such weight and speed restrictions as the local authorities deem necessary to protect the highway from undue damage: PROVIDED FURTHER, That the governing authorities of incorporated cities and towns shall not prohibit the use of any city street designated a part of the route of any primary state highway through any such incorporated city or town by vehicles or any class of vehicles or impose any restrictions or reductions in permissible weights unless such restriction, limitation, or prohibition, or reduction in permissible weights be first approved in writing by the department of transportation.
