Okanogon County

Noxious Weed Board:

- Offers free on-site consultation and assists with required weed control plans.
- Offers seminars for recertification credits.
- Has developed the New Invader Program. The weed office may have funding available to assist with control of these species.
- Partners with State, Federal & Private landowners to organize Coordinated Weed Management Areas.
- Provides noxious weed talks to groups and organizations and provides information to local sixth grade camps.
- Offers free brochures & weed identification.

Board meetings are held on the fourth Wednesday of every month at 4:00 PM in the Commissioners' hearing room. You are always invited to attend and your comments and suggestions are always welcome. Recertification credit is available.

Noxious Weed Classifications

NEW INVADERS

New Invaders are weeds that are new to Okanogon County. Extreme effort is needed to keep these newcomers from taking hold. The weed office may have funding available to assist with control of these species.

CLASS A

For Class A Designate noxious weeds eradication is required by law. The Okanogon County Noxious Weed Board may have funding available to assist with control of these species.

CLASS B DESIGNATE

For Class B Designate noxious weeds, elimination of seed production is required by law (RCW 17.10). Though the Noxious Weed Board does not pay for the treatment of Class B Designate noxious weeds, we can provide the information that you may need to combat this class of noxious weeds.

CLASS B and CLASS C

Non-designate Class B and Class C weeds are required to be controlled along county corridors & may be in areas of limited distribution.
