

June 13, 2014

Perry Huston, Planning Director  
123 5th Avenue North, Suite 130  
Okanogan, WA 98840

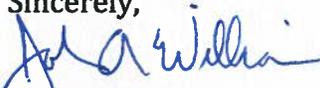

Dear Mr. Huston,

The letter is to provide comment on the "County Comprehensive Plan, Interim Zoning, and Determination of Non Significance" in Okanogan County. In particular I think that the Comp Plan needs to ensure an adequate water supply and should have specific protections for groundwater resources. The Comp Plan should also continue to contain provisions for citizens, towns, and cities to request amendments on an annual basis.

Please work with the Methow Valley Citizens Council as the implementation of this comprehensive plan will have probable and significant adverse impact upon the environment.

Thank you for your consideration.

Sincerely,

John Williams
