Subject: Comp Plan Comments

Perry Huston
Planning Director
Okanogan County

Sir:

Please register in your pro/con tally sheet that this Aeneas Valley taxpayer/voter is solidly opposed to the draft Comp Plan as written since it allows far too much development in the Zone 1 – Rural classification.

I support anyone that can successfully force the commissioners or your staff to prepare a more complete EIS that actually describes what the commissioners want – unrestricted development should anyone so choose.

I won't bother to go on for pages about the numerous issues. You know what they are. If I need to allude to a group that is speaking for me, I will start with the Methow Valley Citizens' Board. I know they are bringing my issues to your table. Give their comments an additional tally for me.

Thank you.

PS. Hey, it's only been 50 years since the Comp Plan was revised. Surely you can stretch that out to 75! Why so flip? I already know what the Commissioners/Planning Commission think/s of the voters.
