Gentle People,

I recommend the lower Methow River District from Gold Creek to Pateros be identified as a new and separate zone for the Comprehensive Plan due to its unique difference from the rest of Okanogan County and the Upper Methow Valley. Establishment of a separate zone can then, via public meetings and working with the Planning Commission, identify the recommended: growth; zoning; parcel size; and water requirements to support the unique dependence on agriculture, quality of life, wildlife, and recreation.

Thank you,

Larry Riggins
